Überblick

Brunei’s largest solar photovoltaic power plant (SPVPP) with a 30-megawatt (MW) capacity in Kg Belimbing is slated to launch by the end of 2026, following a groundbreaking ceremony on August 11. (Photo by Solarvest) KUALA LUMPUR (June 16): Solarvest Holdings Bhd (KL: SLVEST) has, via a joint venture (JV) company, secured a 25-year power purchase agreement (PPA) with the government of Brunei to invest in, build. The BSP Solar Plant PV Expansion project, with its contribution to the national power grid, brings Brunei another step closer to its target of achieving at least 30 per cent of renewables in total installed power capacity by 2035, said Yang Berhormat Dato Seri Setia Dr Haji Mohd Amin Liew Abdullah. In a move poised to reshape Brunei’s energy landscape, a tri-national joint venture led by Malaysia’s Solarvest Holdings Berhad has secured the contract to develop the country’s largest solar photovoltaic (PV) power plant. Bandar Seri Begawan, 11 August 2025 – Brunei Darussalam took a significant step forward in its clean energy transition today with the groundbreaking ceremony for the flagship project of 30-megawatt (MW) solar photovoltaic power plant in Kampong Belimbing which is set to become the country’s largest.
