Überblick

FTMRS SOLAR specializes in photovoltaic power generation, solar energy systems, lithium battery storage, photovoltaic containers, BESS systems, commercial storage, industrial storage, PV inverters, storage batteries, and energy storage cabinets for European markets. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. What is HJ mobile solar container?

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and smart energy management. The project will install climate-adapted floating solar photovoltaic (FPV), a battery energy storage system (BESS), a transmission and distribution network, productive uses of energy (PUE), such as electric vehicles (EVs) including an e-boat for the operation and maintenance of the FPV system, EV.
