Fallout 4 solargenerator

Fallout 4 solargenerator

Generator (Fallout 4) , Fallout Wiki , Fandom

CharacteristicsCraftingPower GridsLocationsNotesBehind The ScenesBugsGenerators are required to produce electricity for settlements. Once a generator has been constructed, it is necessary to connect it with copper wires to a power grid to harness its power. The power can then be used to power other settlement objects such as lights, turrets, water purifiers, and other utilities. The base game includes four types of See more on fallout.fandom Reddit
