Huijue solarkontainerbatterie brennt

Überblick

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative base station energy solution. Rapid deployment, high efficiency, scalable energy storage, remote monitoring support. You've probably seen the headlines - a solar farm battery system erupting in flames, emergency responders scrambling to contain toxic fumes.
