Junger reporter besucht state grid weibo

Copie de CHN-report.docx()

During the Russia-Ukraine war, these two Russian state-run outlets disseminated information in China's media environment under the guise of "international media" without hindrance, while their official

State Interests, Global Platforms: How Chinese Journalists Use

This study examines how a special subset of Chinese journalists (those who focus mostly on an overseas audience) navigate and utilize U.S.-owned social media platforms, which are banned
