Überblick

MOG Energy is a multinational energy company, active in oil and gas exploration & production. Headquartered in Cairo, we are harnessing our experience and dedication to build one of the Middle East and North Africa’s first vertically-integrated energy companies. Keeping up with the various changes and evolution of the industry and the Group over the past 34 years, our principal activities are physical trading, storage, blending and shipping worldwide of Fuel Oil, Crude Oil and Middle Distillate Products. OEG operates a global fleet of DNV-certified cargo container units and tanks, along with integrated energy services that are essential for advancing strategic energy projects throughout the Middle East. Mohammed bin Rashid Al Maktoum Solar Park is a solar park spread over a total area of 77 km 2 (30 sq mi) in Saih Al-Dahal, about 50 km (31 mi) south of the city of Dubai in the United Arab Emirates (UAE). [1] It is one of the world's largest renewable projects based on an independent power producer.
