Kosovo solarkontainer-bauprojekt

Überblick

Kosovo is taking a significant step towards a sustainable future with the upcoming construction of one of its largest solar power plants. On behalf of the German Federal Government, KfW is supporting the construction of a large photovoltaic system with an installed capacity of up to 100 MW to promote decarbonisation. It informed the local community that agricultural and other activities weren’t allowed anymore on the designated land. Known as Solar4Kosovo, this new solar plant is a key component of the EU’s strategy.
