Barentz to strengthen its pharmaceuticals market presence in Asia

The partnership would further enhance the service and commercial capabilities of Barentz in China while enabling Fengli Group to expand its international presence. By aligning

Ling Ao Nuclear Power Plant

Ling Ao phase I has two nuclear reactors, 950 MWe PWRs Ling Ao I-1 and I-2, based on the French 900 MWe three cooling loop design (M310), which started commercial operation in 2002 and 2003. The planned investment sum for phase I was ca 4 billion USD. In a Phase II development two CPR-1000 reactors, Ling Ao II-1 and II-2 (alternatively, units 3 and 4), were constructed in conjunction with Areva, based on the French three cooling loop design. Ling Ao II-
