SWISS SOLAR Pro.

Laos installiert solarenergie

Überblick

Oudomxay Province on 13 December officially inaugurated a 1,000-megawatt solar power project, marking one of Laos' largest renewable energy developments to date. Laos has large-scale hydropower capacity but still faces rural electrification challenges, which creates growing demand for solar energy, particularly in off-grid and remote areas. However, legislative support is needed to allow the price of solar power to compete with. is pleased to announce that it has executed a Power Purchase Agreement (PPA) with Électricité du Laos today to deploy the SAPP Solar Power Project, the first utility scale solar PV power plant in Lao PDR.
