SWISS SOLAR Pro.

Lvts 512200 g3 wie viel

Überblick

2V nominal voltage, delivering up to 8704W discharge power with 170A continuous current. The robust design supports 6000 cycles at 90% DOD and allows up to 63 batteries in parallel for massive. Detailed profile including pictures and manufacturer PDF

◆ The LVTS-512200-G3 is a cutting-edge residential photovoltaic energy storage lithium-ion battery, meticulously designed to meet the growing demand for efficient, reliable, and sustainable home energy solutions. Built with advanced LiFePO4 battery technology, it delivers exceptional performance and long service life. Designed for factories, data centers, and solar farms, this system has already powered 18MW projects across Germany.

Lvts 512200 g3 wie viel

LVTOPSUN-BAT-10,24 kWh-LVTS-512200-G2-ALL IN-LI-ION

Der LVTOPSUN 551200-G3 ist eine High-End-Energiespeicherlösung mit einer Kapazität von 10,24 kWh und einer Nennleistung von 200 Ah, die für vielseitige Anwendungen konzipiert ist.

LVTopsun LVTS-512200-G3 51.2V 200Ah Lithium Battery

The LVTopsun LVTS-512200-G3 Lithium Battery provides reliable and high-capacity energy storage for solar systems. Built with advanced LiFePO4 battery technology, it delivers exceptional performance

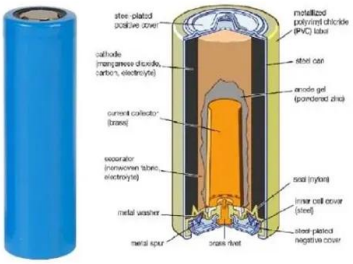

LVTS-512200-G3 LVTopSun

The LVTS-512200-G3 LVTopSun redefines industrial energy storage with a 512 kWh capacity and 92% round-trip efficiency. Designed for factories, data centers, and solar farms, this system has already

Model : LVTS512200-G3

With a robust voltage of 51.2V and an impressive capacity of 200Ah, this battery delivers a substantial energy storage capacity of 10.24kWh, making it an ideal choice for households seeking to maximize

51.2V 200Ah 10.24kWh LiFePO4 Solar Battery with Color

LiFePO4 Battery Type Guangdong, China Place of Origin Flood Mounted System Type Model Number: LVTS-512200-G3 Brand Name: LVTOPSUN Dimension (L*W*H): 465*186*695mm Weight: 83.5KG
