Überblick

5%, the PowerX-400R delivers higher power density, meaning it can generate more energy from the same rooftop area. Greentech Renewables supplies Maxeon 400W 108 Half-Cell 1000V Black Bifacial Solar Panel, POWERX-400R-4T and other pre-qualified solar equipment from Maxeon Solar Technologies through our extensive network of over 100 locations nationwide. The Passivated Emitter Rear Contact (PERC) technology ensures excellent power output. This solar cell type employs an additional reflective layer to absorb more sunlight.
