Registrierungsprozess für solarkontainerprojekte in ouagadougou

Überblick

Öffentliche Auftraggeber müssen sich einmalig registrieren, um das Web-Portal für Abfragen nach § 6 Abs. The project will install about 50 MWp of PV production capacity on a large power plant near Ouagadougou, North-West Ouaga (≈ 40 MWp) connected to a 90 kV power line, and three other plants located in major regional towns - Dori, Diapaga and Gaoua. Ouagadougou has invited international bidders to submit prequalification documents for two greenfield, solar storage projects, backed by funding from the World Bank Group and the Clean Technology Fund. African Energy takes a closer look at the projects and the impact they could have on the Société. It is a joint effort between SolarPower Europe members and eight African solar and renewable energy associations. However, the project soon runs into a critical reality: its core components—solar.
