SWISS SOLAR Pro.

Sierra leone pumpspeicherkraftwerk solarkontainer epc

Überblick

This is an exciting and innovative project in bringing modern clean energy technology to West Africa and utilising battery storage to enhance the reliability and stability of the electricity supply. The facilities are intended to provide power and fill the battery during the day. We offer a comprehensive range of solutions tailored to meet the diverse energy needs of communities across Sierra Leone. The 5 MWp solar plant is the country's first independent power project (IPP), built under a public-private partnership (PPP) between the Sierra Leonean authorities and the renewable en Middle East | Central Africa | The Far East 2. Photo: Michael Duff – InfraCo PowerGen, through their Sierra Leone project company Off-Grid Power (SL) Ltd*, has tendered 20 containerized solar systems for implementation in Work Package 2 of the RREP.
