Solarprogramm der regierung von punjab

Überblick

The CM Punjab Solar Panel Scheme is a government-driven grant that supplies solar panels at zero cost to qualifying households. Launched by Chief Minister Maryam Nawaz Sharif, the program aims to lower electricity expenses, reduce load-shedding, and push Punjab toward greener. With an aim to provide affordable and sustainable energy to underprivileged households, this program is transforming lives across the region. In a bid to diminish reliance on fossil fuels, reduce the state's annual power subsidy, and make Punjab a leading state in clean energy production, the Punjab Government is mulling to set up 66 solar power plants, each with a 4 MW capacity (total 264MW capacity), said Mr.
