Torch high-tech zone microgrid

Torch high-tech zone microgrid

Xiamen Torch Development Zone for High Technology Industries

It is one of the three national hi-tech zones containing the title of "torch" in China. It was included in the first national catalog of hi-tech zones upon approval of the State Council in 1991.

Xiamen Torch Development Zone For High Technology Industries

National Independent Innovation Demonstration Zone National Demonstration Zone of Innovation and Entrepreneurship National distinctive vehicle of mass entrepreneurship and innovation of "SMEs in

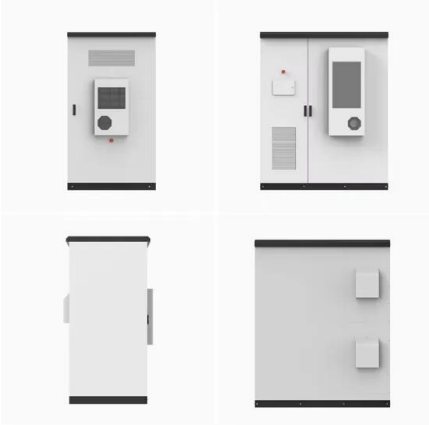

Xiamen Torch Development Zone For High Technology Industries

Xiamen high-tech industrial development zone a global magnet XIAMEN: a city reinforcing its pivotal role in boosting construction of BRI Xiamen high-tech zone's graphene incubator spurs industrial

Xiamen's project shines in "China's Energy Transition"

The Green Microgrid project in ABB Xiamen Industrial Hub, Xiamen Torch High-tech Zone, was selected as a model project of integrated energy production, grid, load, and storage.

??:Torch high-tech zone leading Xiamen's development

The high-tech zone's "smart torch" service platform allows businesses to handle their requirements and affairs online and utilizes their technological strength to develop and employ digital

Xiamen Torch high-tech zone on cutting edge of innovations

The high-tech zone is driving the professionalization and branding of its incubators to nurture top-tier scientific and technological startups. This year, significant progress has been made,

Xiamen Torch Development Zone For High Technology Industries

Xiamen's 10 billion yuan new energy project commences construction Torch high-tech zone leading Xiamen's development Budding entrepreneurs win awards in contest

Microgrid fuels energy transition at Xiamen Torch high-tech zone

Mirroring the success of ABB Xiamen Hub's pioneering green microgrid project, the torch high-tech zone is promoting comprehensive analysis and design of intelligent microgrid systems for key enterprises.

Xiamen Torch Development Zone for High Technology Industries

The Torch Hi-tech Zone Administration Committee is mainly in charge of the industrial planning, investment promotion, park construction, enterprise service and other economic issues of the Zone;

Xiamen Torch Development Zone For High Technology Industries

Xiamen Torch Development Zone for High Technology Industries (hereinafter referred to as "XMTORCH"), founded in 1990, is one of the first national high-tech zones in China and one of the

Xiamen Torch High-tech Industrial Development Zone

Jointly established by State Science and Technology Commission and Xiamen Municipal Government in December 1990, Xiamen Torch High-tech Industrial Development Zone (XTHIDZ,

Microgrid fuels energy transition at Xiamen Torch high-tech zone

The green microgrid project, with 100,000 sq m of rooftop solar panels, replaces 50 percent of electricity with clean energy, aiming to reduce carbon emissions by 13,400 tons annually.

Xiamen Torch Development Zone For High Technology Industries

Based on the development of high-tech industries and insisting on cross-island development, XMTORCH has built an industrial development platform characterized by "multiple parks in one

Microgrid fuels energy transition at Xiamen Torch high-tech zone

Mirroring the success of ABB Xiamen Hub's pioneering green microgrid project, the torch high-tech zone is promoting comprehensive analysis and design of intelligent microgrid systems for

Torch high-tech zone fires up digital innovation

The high-tech zone has adopted a collaborative model, combining industry-leading enterprises, service providers and SMEs to foster digital transformation and reshape the industrial

Xiamen Torch Development Zone For High Technology Industries

High-tech Industries 3 dominant industries electronic information covering four segments: flat panel display, computers and communications devices, semiconductors and integrated circuits, software

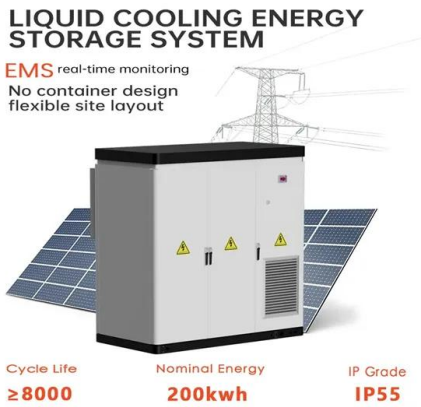

Xiamen Torch Development Zone lights path ahead for high-tech

Two bases of the Xiamen Torch Development Zone for High Technology Industries were ranked among the national new-type industrial demonstration bases with quality development in 2021.

Torch high-tech zone fires up digital innovation

Xiamen Torch Development Zone for High Technology Industries is advancing integration of the digital and real economies by leveraging technologies like industrial internet platforms and artificial

Xiamen's project shines in "China's Energy Transition"

The Green Microgrid project in ABB Xiamen Industrial Hub, Xiamen Torch High-tech Zone, was selected as a model project of integrated energy production, grid, load, and storage. Its inclusion in the white

Xiamen's project shines in "China's Energy Transition"

The Green Microgrid project in ABB Xiamen Industrial Hub, Xiamen Torch High-tech Zone, was selected as a model project of integrated energy production, grid, load, and storage.
