SWISS SOLAR Pro.

Vanuatu solarkontainer-kraftwerksprojekt epc

Überblick

The project aims to support the use of solar power and battery storage on the islands of Efate and Tanna, boosting Vanuatu’s energy independence and climate resilience. In Vanuatu, REnew Pacific has been pivotal in launching a $75 million solar generation and battery storage project. Developed in collaboration with New Zealand-based Infratec and French-owned Unelco, this project will considerably augment the country’s renewable energy capacity. With 23 new utility-scale projects announced in 2024 alone [4], Brazil's adopting storage faster than you can say "Pelé. " Laayoune Haichen's partnership with Eletrobras created the continent's first solar-storage microgrid in Amazonas – keeping lights on even during monsoon season.
